Professional Summary

I am a passionate and dedicated backend developer specializing in building scalable, secure, and high-performance applications. With expertise in PHP & Laravel, I craft seamless APIs and backend systems that power modern applications. Additionally, I leverage Python & Django for automation and lightweight web solutions. I have a keen interest in AI-powered solutions, constantly exploring ways to enhance automation, improve analytics, and develop smarter applications. My focus is on writing clean, maintainable, and efficient code to ensure optimal system performance.

Education

Associate Degree in Computer Science

University of the People

(Expected to complete BSc in Computer Science in 2-3 months)

Technical Skills

- **Backend Technologies:** PHP, Laravel, Python, Django
- **Databases:** MySQL, PostgreSQL
- **API Development:** RESTful APIs, GraphQL
- **Security & Authentication:** JWT, OAuth, Role-Based Access Control
- **DevOps & Cloud:** Docker, AWS, Firebase
- **Version Control:** Git, GitHub
- **Automation & AI:** AI-powered chatbots, Web scraping

Projects

1. VTU Platform for Mobile Recharge & Bill Payments

Developed a VTU website that enables users to recharge airtime, buy data, pay utility bills, and access telecom-related services. Integrated with APIs for seamless transactions and implemented secure payment gateways.

Experience & Achievements

- Successfully developed and deployed multiple backend solutions improving efficiency and security.
- Contributed to open-source projects, collaborating with developers worldwide.
- Optimized database structures and queries to enhance application performance.
- Built AI-powered solutions to automate processes and improve user interactions.

Certifications & Continuous Learning

- Backend Development with PHP & Laravel
- AWS Cloud Practitioner (In Progress)
- SQL & Database Optimization

Soft Skills

- Problem-Solving & Analytical Thinking

- Effective Communication & Team Collaboration
 - Adaptability & Continuous Learning
 - Time Management & Project Organization
-

Get in Touch

I'm always open to collaboration, freelance work, and exciting new opportunities. Let's build something great together! ✨
